WHAT IS EDUCATION?
GAS WAR COMING
THE EVILS OF LIQUOR
MARVELOUS NEW YORK

—By Arthur Brisbane—

EDUCATORS BETWEEN THE closing and opening of schools, discuss "What is education? What should it do? How can we form the young?" and so forth.

EDUCATORS SHOULD START with the meaning of the word "educate," and stick to that. It means "to lead out," to bring out of the youthful mind and capacity that which is in it. It does not mean to force the opinions of teachers on that youthful mind.

DEALING with raw materials, science and industry, "educate" those materials by bringing out the best that is in them.

They seek for hardness in steel, for resiliency and wear in rubber. They don't try to make rubber of steel, or steel of the rubber. But that is exactly the process applied to many young minds.

And for that reason, in reading the biographies of many successful men, you find that their first proof of real ability, was to evade the process of education.

And their greatest good fortune was an irregular education, or none.

A GREAT GASOLINE PRICE war seems probable. Small retailers on the Pacific coast are crying for government help, accusing big oil men of "unfair price cutting."

Recently, the big men were accusing little men of ruining the industry, and wasting the nation's oil supply.

AT THIS MOMENT, the world has too much oil, too much gasoline, and, in consequence, reckless waste.

Presently will come a shortage. Those that now read, in some places, the sign "gasoline 10 cents, plus two cents tax," may read "gasoline 50 cents, plus two cents tax."

It would seem almost a case to justify government regulation, only that probably, would be "bokeivism."

TWENTY-FIVE THOUSAND pupils in 274 Bible schools are to be taught "the evils of liquor" and the desirability of leaving whiskey alone, quite apart from prohibition.

Every boy and girl in this "dry land" needs that teaching. It should begin in the graveyards, made prosperous by bootlegging, continue in hospital wards, and wind up at the "social function" where Americans, of all ages, make fools of themselves and show that they despise the law.

A BIG CITY IS NEW YORK, amazing in growth. Losing hundreds of thousands of population, migrating to outlying suburbs, New York city, in the last 10 years has gained in population 1,334,315, more than 23 per cent.

OF the five boroughs in New York, four have more than a million population each. Queens, one of the boroughs, is probably the fastest growing big scale community in the world, and within a few years with all respect to Chicago, may be America's second city.

A GERMAN SCIENTIST starts Berlin with a long range loud-speaker that carries a great orchestra to be heard for 25 miles in all directions. A Chicago band could play in the loop, and be heard with painful distinctness on the North, South and West Sides, and 25 miles out into Lake Michigan.

Federal Secret Service Men Find Counterfeiting Set-Up

FARM HOUSE IN CARROLL COUNTY OBJECT OF RAID

Telephone Lineman Held After Engravings Are Found

PLANT COMPLETE, OFFICIALS STATE
City, County, Federal Men Combine In 3-Month Undercover Work

(By The Associated Press)
CANTON, July 10.—Following three months of patient undercover work, federal secret service agents assisted by Canton detectives and authorities of Carroll county today confiscated one of the most elaborate counterfeiting set-ups ever uncovered in this section of the country.

Ten engravings for making \$10 bank notes were taken as evidence and the remainder of the counterfeiting material and machinery was confiscated or destroyed.

C. E. Walton, 38, a telephone workman living in the farm house between Sherrodsville and Delroy where the plant was found, was placed under arrest and brought to Canton and held for federal authorities.

Receiving information three months ago that the plant was under construction, detectives kept the farm and Walton under constant observation.

It was not until Tuesday that it was discovered that Walton had succeeded in having 10 engravings made.

Use Plates As Evidence
After finding the counterfeiting plates, the party of detectives and secret service agents went to Cadiz where Walton is employed as a telephone lineman.

Every section of the counterfeiting apparatus with the exception of the 10 plates was destroyed. Federal agents estimated that the plant had cost more than \$10,000. Walton had concealed various parts of the counterfeiting equipment and machinery over the entire farm.

The raiding party was forced to search for several hours before they were satisfied that all the paraphernalia had been found.

Included in the apparatus was a complete photographic outfit, printing accessories and the 10 engraved plates, which secret service agents declared showed excellent workmanship.

Edward Connors, United States secret service agent, who led the raiding party announced this afternoon that Walton will be taken to Cleveland for arraignment in federal court, probably Friday.

DOG RACES MAY BUY EQUIPMENT
West Jefferson Wants Events So Fire Department May Combat Blazes In Future

LONDON, July 10.—West Jefferson's proposed new fire fighting apparatus, may be financed from the income on dog races. A delegation of West Jefferson citizens, led by Mayor Matt Stutson and members of the council, conferred with Prosecutor J. E. Strayer, of Madison county, regarding the possibility of a four-week dog race meet at the track in the village.

They pointed out that West Jefferson would receive \$300 a night from the kennel club, and contended that this income would go far toward purchasing the new fire fighting equipment.

The prosecutor would not state his position on the proposal. Previous dog races in West Jefferson have resulted in arrests and court trials but no convictions were obtained.

Barlow Speaks At W. C. T. U. Institute
Sheriff W. J. Barlow discussed experiences he had in law enforcement in a talk Wednesday evening at the county W. C. T. U. institute held at the Lisbon Presbyterian church.

Rev. Gardner, of East Rochester, also gave an address, and Mrs. Edith Elliott of Lisbon, offered a reading.

The afternoon session was followed by a covered dish supper. Ten members of the Salem union attended and Mrs. George Mountford, of Salem, had part on the program. There were representatives present from each union in the county.

Huston Unrelenting In Ouster Attitude

(By The Associated Press)
WASHINGTON, July 10.—The Republican conference recessed at noon today without reaching a decision of the status of Claudius Huston as chairman of the national committee.

WASHINGTON, July 10.—An unrelenting Claudius Huston went into a closed conference today with the officers of the Republican national committee who are demanding his immediate retirement as chairman.

Informed the Tennesseean would fight two of the officers consulted President Hoover for half an hour before the meeting. They are James Francis Burke, counsel of the committee, and Joseph R. Nutt the treasurer, both of whom are insisting upon Huston's retirement.

Determined to have it out, Mr. Huston reached headquarters exactly at the appointed hour today and silently led his disgruntled forces into the long committee room. Senator Moses, of New Hampshire, who leads the party's senatorial committee, appeared to be the only ally of the harassed chairman present.

The leaders were divided on the

course to be taken. Many believe it is up to President Hoover to act. Others want to go ahead and force a meeting of the executive committee to seek Huston's removal.

"We will know soon what must be done," said Mr. Burke as he entered the session fresh from the White House. There was an intimation that Huston would be asked to call the executive committee together, in event he declined to resign.

Gas Pocket Causes Blast In German Mine; Came As Surprise

(By The Associated Press)
NEURODE, GERMANY, July 10.—At least 144 persons lost their lives yesterday in an explosion at the Wenceslaus mine. Eighty-one bodies have been recovered. Most of them burned badly. No hope is held for those remaining in the shaft.

Of 200 miners in the shaft at the time of the explosion only 56 escaped and they were badly injured. The explosion in the mine occurred when a large gas pocket suddenly tapped during blasting late yesterday. The fumes spread through the shafts so quickly that there was little chance for anyone to escape.

Rescue work proved increasingly hazardous and finally was abandoned at about midnight after a number of the crew, fitted with gas masks, had been overcome or injured.

It was possible to save only 49 persons of the 193 in the mine before breaking off the rescue work. All of these, although badly burned, are expected to recover.

The disaster took both men and officials completely off their guard in view of the periodical gas survey having been completed only Sunday.

It was by far the greatest mine disaster Germany has known in years. In 1912 117 died in the Bochum mine disaster, and in 1925 the death toll in the Dortmund mine reached 135.

Lindy May Visit Ohio State Fair

COLUMBUS, July 10.—The Ohio state fair this year may have a very distinguished visitor, the one and only Colonel Charles A. Lindbergh.

Perry L. Green, director of agriculture, today invited the Colonel to attend and to participate in the air craft exhibition. The fair will be featured by an aerial circus on the final day, with the aircraft exposition throughout the entire week, Aug. 25 to Aug. 30.

Salem-Lisbon Road To Open For Traffic By September 1

More Than 1,000 Lineal Feet Of Concrete Have Been Poured

Nearly 1,000 lineal feet of 20-foot concrete has been poured on a three mile section of the Lisbon-Salem road now under improvement.

The state highway department has finished the reconstruction of the macadam sections of this road, north and south of the new concrete section. With favorable weather prevailing, it is believed this new road will be opened to traffic before Sept. 1.

Construction of wide curves on this road will of necessity slow concrete work at those points. On account of the old brick foundation, no time will be lost in trucking materials from the Long's Crossing unloading point.

Rather rapid progress is being made on the resurfacing of the East Palestine-New Waterford road which passes Peace Valley

She is a past president of the corps and is chaplain at the present time.

BOY SCOUTS AT CAMP IN COUNTY

45 Attending Outing At Eagleton's Glens On Lisbon Road

The annual Columbiana county Boy Scout camp, in session at Eagleton's Glens on the Salem-Lisbon road will receive a new group of scouts on Saturday, July 19. Forty-five Salem, Liverpool, Leetonia, Wellsville and Lisbon boys are now in attendance.

The third and final period of the camp begins August 4, and will continue until Aug. 16. An Indian village, established for the first time at the camp, is considered this year's feature by the scouts. Only boys who have had five years or more of camping experience are eligible to this branch of the camp.

The boys are under the supervision of County Scout Executive Charles E. Felton of Lisbon, with William Baker, Salem; Phil Lowther, Wellsville; Robert Miller, Leetonia; Hugh Nile, Wellsville; Dale Leeper, Salem; Robert Hall, East Liverpool; William Shultz, Wellsville and Clair King, Salem, as his assistants.

The kitchen has been taken over by Walter James and Stewart Johnson of Wheeling, West Virginia. James has managed the kitchen for the last five years.

A special program has been planned by members of the camp for Wednesdays and Sundays, the days set aside for visitors.

CASUALTY LIST IN HEAT WAVE MOUNTS TO 20

Middle America Swelters Under Rays Of Sun; Farmers Die

LAKE CITIES COOL; BEACHES CROWDED

Little Relief Promised By Forecasters; Warm Of High Temperature

(By The Associated Press)
CHICAGO, July 10.—Middle America wilts under a merciless sun.

Twenty have died. The grain field—save for corn—suffer. Two of the heat deaths occurred in the fields. An Iowa farmer, prostrated by a temperature high in the nineties, fell dead. A Nebraska farmer died the same way.

There were temperatures of 100 degrees or hotter as far north as Montana and North Dakota, and south to Louisiana and Alabama.

The hottest spot officially was Miles City, Mont., with 108 degrees. Huron, S. D., had a reading of 102, while the Fahrenheit heat went also to three figures in Omaha, Kansas City, Sioux City, La., St. Louis, Mo., Evansville, Ind., Nashville, Tenn., Shreveport, La., Emporia, Kas., and Birmingham, Ala., to name a few widely separated places.

There were unofficial readings of 108 degrees in Mitchell, S. D., and Sioux Falls. Chicago, surrounded by heat, benefited by its Lake Michigan location, a northeast breeze fanning thankful thousands. Milwaukee and other lake shore cities also enjoyed comparative isolation from the heat blanket.

The 20 odd miles of Chicago beaches, a carnival of colored beach pajamas, robes, parasols and bathing suits, had two drownings. Forecasters offered little relief. They did venture that it would be "not quite so warm" in the northwest tomorrow, but Illinois and some other middle western sections were warned to prepare for even warmer weather.

MERCHANTS WILL GATHER AT CLUB

Stuebenville Selected As Scene Of 5-County Retail Meeting

Dry goods, clothing and shoe merchants from Columbiana, Carroll, Jefferson, Harrison and Belmont counties will meet at the Steubenville Country Club Wednesday, July 16, at 6:30 p. m. to discuss store management problems. The conference has been arranged by the Ohio State Council of Retail Merchants.

"What's Ahead in Retailing?" will be the keynote of the meeting. The discussion will be led by Frank Stockdale of Columbus, special consultant for the Ohio Retail Dry Goods association, the Ohio Valley Retail Shoe Dealers' association and the Ohio Retail Clothiers' and Furnishers' association.

Taxation questions and the proposed tax code which will face the Ohio legislature early in January will also be discussed.

Golf will feature the afternoon program. Columbiana county chairman of the association are: Shoes, Gus Bendheim, East Liverpool; dry goods, D. M. Ogilvie, East Liverpool; clothing, Walter Strain, Salem.

Vacation Pupils To Give Program Here

The vacation church school which has been conducted by the Presbyterian church for the past five weeks will present a closing exhibition program in the chapel at 7:30 o'clock Thursday night.

Each department of the school will have a part of the program. Two playlets will be given in costume by the primary and junior departments.

Friday morning the children will bring lunches to the church at 10 a. m. and from there the school will go in a body to Centennial park where a picnic dinner will be served.

Musical Family To Give Concert Here

Under the auspices of the Epworth league of the Methodist church, the St. Clair Family Gospel band will give a sacred program at 8 p. m. Thursday at the church. A part of the offering taken will go to the league to help send delegates to the Lakeside institute, which will be held in August.

WOMAN HURT IN AUTO ACCIDENT NEAR THIS CITY

Police Investigate Case After Autos Collide On Canfield Road

Mrs. Charles Cornwall 1464 Cleveland st., sustained possible fractures of the left wrist and ankle in an automobile accident occurring on the Salem-Canfield road, six miles northeast of this city, about 12:30 p. m. Wednesday.

An automobile driven by her husband was sideswiped by a machine reported by police here to have been operated by J. P. McDonnell, R. F. D. 3, Youngstown.

Cornwall reported to Patrolman Edward Piller, who investigated the crash, that he was driving towards Salem on the right side of the road when the machine driven by McDonnell crashed into the side of his car. McDonnell, he stated, was driving on the wrong side of the road.

Mrs. Cornwall was brought to City hospital by a passing motorist. The full extent of her injuries has not been ascertained.

Patrolman Piller, in his report of the case to Police Chief T. W. Thompson, stated that he had found a pint bottle of whiskey, partly filled with liquor, beside the car believed to have been driven by McDonnell. Three men in McDonnell's machine, the patrolman reported, escaped from the scene of the accident immediately after the crash.

Reports on the case will be turned over to Mahoning authorities, the accident having occurred in that county.

COUPLE ESCAPE SUBMERGED CAR

Automobile Falls From Bridge To Bottom Of 30-Foot Channel; Rescued

OCEAN CITY, N. J., July 10.—After plunging nearly 100 feet from a bridge a young couple today extricated themselves from their automobile 30 feet under water and escaped only slightly injured.

The two, William A. Lorellsworth, 24, of Haddon Heights, N. J., and Miss Mildred Lindsay, 22, of Yeadon, Pa., were crossing over the Ocean City-Somers Point bridge when their automobile got out of control, crashed through the railing and dropped into the river.

Lorellsworth and Miss Lindsay succeeded in opening a door only after the car had come to rest at the bottom of the channel. They shot to the surface and swam to nearby trolley line bridge where they were pulled ashore by a motorman.

No Trace Found Of Automobile Owner

No trace has been obtained of the owner of the automobile found abandoned near this city Sunday night, Police Chief T. W. Thompson announced today.

The car was discovered on the Salem-Canfield road, a short distance from the city limits, by Patrolman Ralph Stoffer. Two rear tires were missing while one front tire was deflated.

AUTOMOBILE, TUB ORDERS BOOKED BY CORPORATION

Die, Tool Departments In Preparation For New Business Obtained

BOAT DIVISION PLANT CHANGED

American Steel And Wire Building Now Houses Part Of Industry

Closing of three additional contracts for automobile parts and tubs for washing machines during the past week was announced by G. F. Keyes, general sales manager of the Mullins Manufacturing corporation today.

The contracts are expected to effect a great increase in the company's production during the fall and winter months. Keyes' announcement stated.

Die Tool Work Starts
The die and tool department will start work on the necessary dies for this contract within a very short time. It is anticipated that there will be a considerable increase in the number of men employed in the pattern, die and tool departments at once.

Keyes states that there is a considerable additional business pending and while the company is at the present time feeling the effects of the unusually quiet period prevalent in the entire automobile industry, the outlook for the future is excellent, and that within the next 90 days there will be a considerable increase in the employment in the company's various plants.

Transfer Boat Division
It was also announced today that Mullins had transferred its entire boat business to the plant formerly occupied by the American Steel and Wire company and that the old boat plant, on Newgarden street, would be abandoned and the buildings removed from the premises.

LEGION PICNIC NEXT SUNDAY

Veterans Of County Will Gather At Den Eden For Annual Event

The first annual county American Legion picnic will be held at Dun Eden lake park three miles north of Salem on the Ellsworth road next Sunday. Members of both the Legion and the Legion auxiliary will take part.

A sports program consisting of a tug of war between the East Liverpool and Lisbon posts has been arranged in addition to ball playing and pie eating contests and various forms of races. Boating and bathing will be free.

The committee in charge of the outing is composed of Lester Wetzel, Lisbon; Walter S. Korn, Leetonia; Gus Sechler, Salem; Hugh Pierce, East Liverpool; Art Johnson, East Palestine; W. T. Tied, Columbiana, and Cecil Stark, Salineville.

A POLICY BEARS FRUIT

Several years ago when many Ohio municipalities found themselves in embarrassing financial circumstances through the heedless issuance of long term bonds the state legislature undertook to work out a solution.

After a comprehensive study the legislature reached this decision:

It could only help those communities by enacting legislation which would force tax-supported organizations to operate on a pay-as-you-go basis.

A law was passed stipulating that communities could not, without a vote of the people, increase their bonded debt during a fiscal year in excess of nine-tenths of the amount the bonded debt was reduced during that year. In other words, any taxing subdivision that retired \$100,000 of its bonded debt within a 12 month period was permitted under the law to pass bonds up to \$90,000 during the same period.

This action forced many communities which had been spending the future's money and living on borrowed funds into severe retrenchment programs. Today those communities have come to realize the wisdom of the step. They have regained their financial footing and have no difficulty in disposing of bonds of agreeable premium rates.

On Jan. 1, 1925, the Canton board of education faced a situation far from alarming but one that called for serious consideration. The bonded debt had piled up and there was little money in the sinking fund. Money for debt retirement and payment of interest had to be met from funds received from taxes.

The board of education had no alternative. If sinking fund requirements called for half of the amount the schools received from taxation it had to be paid. Schools were forced to subsist on the remainder. Satisfied that the state's legislative move had solved the problem confronting many taxing subdivisions but not satisfied to await the slow adjustment such a program assured, the Canton board of education went a step further. It voluntarily initiated a program of building up its sinking fund and at the same time limiting its bonding activity. Since that time this policy has been closely pursued.

The encouraging results of this far-sighted move were pointed out Monday night to the board of education in Clerk John P. Ross' financial report for the fiscal year ended June 30, 1930. The report showed that during the period from Jan. 1, 1925 to July 1, 1930, the board of education's bonded debt was reduced more than \$1,500,000 while at the same time the sinking fund was built up from \$4,848 to \$533,957.

Presenting the benefits accruing from this policy in another form, the report showed that in 1925 the board owed \$1,630 for each \$1 in the sinking fund; while at the close of the last school year the board owed but \$1.197 for each \$1 in fund.

The board of education which initiated this move, the boards, including the present, which have continued it in force and all those who contributed to its successful operation are to be commended.

ECONOMIC FOLLY

The cost of war is always underestimated. Reference is made but rarely to loss of human life, dismembered bodies, wounds, shattered nerves, physical and mental suffering, heartache and sorrow. It is the financial cost alone that is considered. The expense of war is figured in terms of direct cost, not the cost of the maintenance of the military establishment created in advance of it or the cost of doing such justice as it is possible for a nation to do to those who were active figures in it.

This observation is impelled by

figures given out in Washington last week showing that, without including such expenditure as may result from enactment of the World War veterans' bill, appropriations for the veterans and the pension bureau amount to approximately one-fifth of the entire cost of operating the federal government. The appropriations exceed the total of \$337,000,000 appropriated for the war department and \$378,000,000 appropriated for the navy, the two aggregating \$715,000,000.

The figures published show appropriations for \$196,000,000, in round figures, for military and naval compensation; \$129,000,000 for military and naval insurance; \$112,000,000 for soldier bonuses; \$45,000,000 for salaries and expenses; \$25,000,000 for medical and hospital services; and an appropriation of \$215,000,000 for army and navy pensions and the cost of handling them. If to the approximate total of \$725,000,000 is added the \$31,555,000 which the World War veterans' bill will require, the expenditure in behalf of the veterans of the nation's wars will aggregate in the neighborhood of \$756,000,000 in the fiscal year, 1931.

This sum will very probably be increased as the years pass, because the increased amounts which will be paid out to or in behalf of World War veterans will more than offset the dwindling Civil War pension expenditures.

The popular inclination is to figure the cost of the World War by the military and naval expenditures in the years 1918, 1919 and 1920, which were approximately \$29,000,000,000. But this does not include discounts made to the Allies on war debts, the interest the government paid and will continue to pay on borrowed money, or the various amounts it has paid and will pay in the future in the way of compensation, insurance, bonuses, medical and hospital services and pensions.

In one form or another it has been said before and may well be said again: of all economic follies, that of war is the greatest.

What Others Say

SOUTHERN VIEW OF LYNCHING

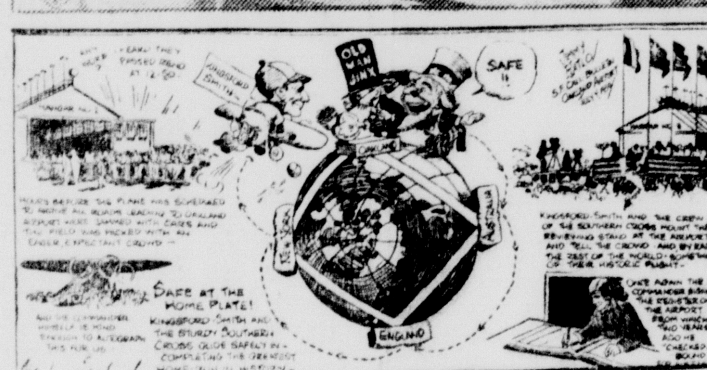

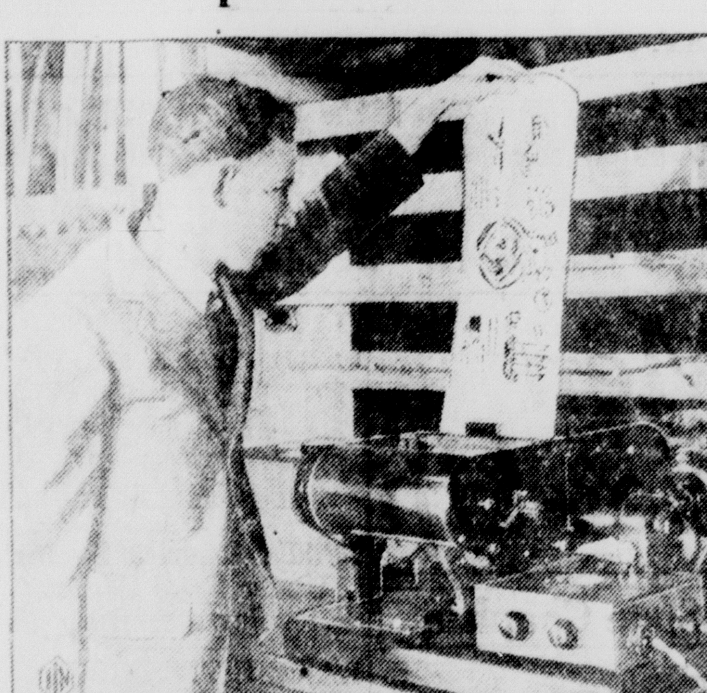

The stigma of lynching has lain most heavily on the southern states, although, with the exception of New England, scarcely a state in the union has not at one time or another witnessed the consequences of mob madness.

Consequently it is heartening to observe that southern newspapers are taking a determined stand against this method of administering "justice". They reach eyes that are blind to northern comment.

The Atlanta Constitution, which is published in the state that holds the unenviable record for lynchings, albeit latterly it has mended its ways, says, with reference to recent anti-lynching activities in South Carolina: "The lynching of persons who are in full custody of the law, or could be put there easily for safe-keeping and legal disposition, is an uncivilized lawless and highly-criminal act of mob power. It is an act as abhorrent to all just men as it is unnecessary to the obtaining of justice. In every case within memory it has been as cruel and unjustifiable as the act of a giant in strangling a child in its cradle. Public sentiment against the act has served in recent years to largely cut down the number of lynchings, but that sentiment is not yet pervasive enough and is strong enough to prevent every sudden and murderous ebullition of mobs inflamed by sudden and revolting crimes committed in a community. But where prevention of a lynching fails because of the weightier force of the mob there should follow prompt and intensive prosecution of the murderers leading to the prompt and rigid enforcement of them. Only in that way will these passions be held within the bounds of orderly government."—Detroit Free Press.

HEALTH

By Dr. Royal S. Copeland

Stress Care of Feet

Next time you walk down the street make note of the persons who appear to have sore feet. You will marvel at the numbers of limping, hobbling, mincing foot cripples.

There are many causes: Corns, bunions, ingrowing toe-nails, callouses, scraped heels. One or more of these ailments will make the feet sore and incapable of normal use.

There are two reasons for all such disturbances. Neglect of the feet and the wrong sort of shoes—in one of these lies the trouble.

When you go to bed at night or get up in the morning, you do not fail to wash the face and hands. Why should not the feet have an equal share of attention? They travel in dust and dirt in wind and water. Their use is such that a single day will soil them far more than the hands. On this account they should be bathed in water with soap. Each day should see the feet thoroughly cleansed. To soak them in salt and water will relieve many an ache and pain.

There should be regular trimming of the nails. If done carefully, shaving of the corns and removal of the callouses will do much to promote happiness. If you do not feel competent to treat your own feet you may consult a "podiatrist" or trained chiropodist. A dollar or two paid him will prove to be a profitable investment.

But even though you wash dry and powder your feet regularly, they will continue to bother you if they are not well shod. It pays to purchase good shoes. Don't be coaxed into taking any others.

The writings and preachings of health experts have taught the public to read the labels on food packages. It has come to be known that what you eat is vitally important. It is time now to teach the public that there is much to learn about shoes.

It is a good thing to talk to your dealer and find out what is a good shoe and what isn't. He will gladly point out the many valuable points about the fitting of your foot covering.

Read the newspapers and magazines. Study the advertisements. You can learn much in this way about everything you intend to purchase.

It pays to care for the feet. You have but two and will never have more. You may be uncomfortable whenever you walk. If this is the case it is probable your shoes are wrong. Take the best of care of your feet and they will serve you well all your life.

Answers to Health Queries

M. S. D. Q.—What do you advise for asthma?

A.—I would suggest that you have your teeth, tonsils, nasal sinuses and urine examined. Constipation should be corrected. Avoid dust and violent exertion. Take lots of fresh air and night. In all probability you suffer from some form of food poisoning. Strange as this may seem, asthma is frequently due to one of the common foods acting as an irritant to the system.

Miss O. A. Q.—How can I reduce? 2.—What should a girl weigh who is 15½ years old and 5 feet 2 inches tall?

3.—What can be done for constipation?

A.—Weight reduction is merely a matter of self-control as regards the diet. For further particulars send a self-addressed, stamped envelope and repeat your question.

2.—For her age and height she should weigh about 112 pounds.

U. S. Explores To Visit Spitzbergen

COPENHAGEN, July 10.—The Arctic ship "Nordkap" the second has been chartered at Tromsø for an expedition during the summer by 12 young American scientists to Spitzbergen and East Greenland.

Isak Isakson, a skipper with great experience of the Arctic and who was formerly connected with Commander Byrd's expedition has been engaged as captain of the "Nordkap."

Twenty Years Ago

(Issue of July 10, 1910)

Salem and surrounding towns sweltered under a heat wave today. The high mark of 98 degrees reached Saturday was a record for the year.

Providing no legal steps are taken to prevent it, class freight rates will be advanced by the Pennsylvania railroad, beginning Aug. 1.

According to a prediction of a prominent member of the Salem Federation of churches, that body will take some action to prevent the showing of the Jeffries-Johnson prize fight pictures in Salem theaters.

About 30 members of the Whinnery family gathered Sunday at the home of Mr. and Mrs. L. B. Saben, Franklin avenue, to greet S. D. Whinnery and family, of Chase City, Va., who have been visiting here. Five generations were represented and a picture of the family taken.

Mr. and Mrs. Joseph A. Bowman,

MODIFICATION OF DEMAND ON HOOVER LOOMS

Senate Expects To Vote On Request For Naval Papers During Day

ROLL CALL SHOWS QUORUM PRESENT

Worries Increase When Tally Discloses 49 Attending

WASHINGTON, July 10.—Adoption of some modification of the McKellar resolution, calling upon President Hoover for documents bearing on the London naval treaty which he has refused to produce, was expected today in the senate.

All factions in the fight over ratification of the arms limitation pact were agreed the resolution commanded sufficient votes for approval, but there was some uncertainty as to what form the modification would take.

Three amendments were pending. The first, proposed by Senator Robinson of Arkansas, the Democratic leader, who was a delegate to the London conference, would have the resolution ask the President to give the senate the papers in question if he considers such a course compatible with the public interest.

The second delivers them in a less executive session. This amendment was offered by Senator Thomas, Democrat, Oklahoma.

The third proposed modification would permit Mr. Hoover, in transmitting the documents, to make recommendations as to how they should be considered by the senate. Senator George, Democrat, Georgia, was the sponsor of this amendment.

Proponents of the treaty were confident of a vote on the resolution before adjournment tonight. Today was the third day of debate on the measure and friends of the pact were anxious to dispose of it and return to consideration of the treaty itself.

As soon as a vote could be taken, Chairman Hale of the naval committee was ready to bring a lengthy address, opening the case of those opposed to ratification.

Administration leaders were given increased worries today over the problem of keeping a quorum of the senate present. Yesterday's roll call showed just the necessary 49 senators to be present.

PROPOSERS TO MERGER QUIZZED

Witnesses Testify In Youngstown Hearing; Dalton On Stand

YOUNGSTOWN, July 10.—The activities of Henry G. Dalton, partner in Pickands-Mather and company, in the sale of the Youngstown Sheet and Tube company to the Bethlehem Steel corporation today continued to draw the spotlight of these seeking to have the deal cancelled in the courts.

Dalton took a prominent part in negotiating the billion dollar merger and the interests led by Cyrus S. Eaton, Cleveland capitalist, hope to show that he was not qualified to do so and at the same time best serve Sheet and Tube.

The anti-merger group contends Dalton acted in the interests of Pickands-Mather, of which he is one of the three managing partners. Dalton also is a director in both Sheet and Tube and Bethlehem. He testified Pickands-Mather had mine and ore shipping contracts with the two corporations running into millions of dollars.

Dalton, called to the stand yesterday as the second "hostile witness" in the suit to enjoin the merger, insisted that he assumed he was acting for Sheet and Tube in the negotiations.

A list of 21 firms with which Pickands-Mather has contracts was submitted by Day, who explained that he meant to show the interrelationships of the one concern, Bethlehem, and Sheet and Tube.

Newton D. Baker, former secretary of war and chief counsel for the defense, at first objected to introduction of the contracts as evidence, but suddenly withdrew his objection. The opposition forces asserted this was an important victory for them.

End Of Strike At Coal Mine Visioned

MORGANTOWN, W. VA., July 10.—With 400 men at work according to Frank E. Christopher, vice president in charge of operations, the strike against wage reductions at the Brook mine of the Continental Coal company apparently was at an end today. The mine was working at about 90 per cent capacity, Christopher said.

The employees of the Sands mine at Riversville will be given a few more days in which to return to work and if they do not return, the mine will be closed and the contracts handled at other operations of the company, Christopher said. The mine was not working today. It has been closed since July 1.

Student Drowns

GENEVA, July 10.—Caught in swift currents of Saybrook pond here, whence he had come on a vacation, Melville Durst, 29, of Grantland, Md., a student at Ashbury college, Kentucky, is dead today. He drowned as two companions sought to rescue him.

Carbicello Ready For Term In Pen

LISBON, July 10.—Joe Carbicello went back to his home in Wellsville Wednesday afternoon when he was unable to receive commitment papers and start his journey to Columbus to serve from one to five years in the Ohio penitentiary for manufacturing distilled liquor.

He said he would return to Lisbon today to be taken to Columbus.

The costs in this case totaled \$276.17 which includes a charge of \$116.40 for the transcript, or bill of exceptions.

When the supreme court declined Carbicello permission to file his petition in error in that court, Judge W. F. Lones ordered the execution of sentence, which includes a fine of \$500 and the costs.

TWO KILLED IN HIGHWAY CRASH

Auto Accidents Result In Death Of Woman, Boy Near Youngstown

YOUNGSTOWN, July 10.—Mrs. George Schrader, 49, of 149 Walnut street, Lowellville, and Robert McCown, eight years old, were killed in auto accidents occurring on highways in this vicinity Wednesday night.

Mrs. Schrader was fatally injured and four others hurt at 8 p. m. yesterday when a car driven by O. J. Gibbons, Lowellville, turned over into a ditch and threw all passengers out. The accident happened one mile south of Lowellville on the Hillsville-Poland road.

Mrs. Schrader was taken to Dr. S. S. Badal's office, Lowellville, and treated and later taken to the South Side unit of the Youngstown Hospital where she died at 7:30 a. m. today. She had four broken ribs and internal injuries.

Gibbons, driver of the car, said that he tried to turn out to avoid hitting another car that had turned in front of him from an ash road. Other passengers reported that he tramped on the brakes and the car turned over.

Beulah Stambaugh, aged 13, also of Lowellville, was seriously injured with cuts and taken to the hospital. Other injured passengers were: Gibbons, Mrs. O. J. Gibbons, and Miss Lucille Schrader, daughter of Mrs. George Schrader, all from Lowellville.

The McCown boy died in Warren City hospital at 9 p. m. Wednesday from injuries sustained when the handle of an automobile door punctured his stomach as the car turned over into a ditch near Niles.

American Institute Meets In Columbus

COLUMBUS, July 10.—National problems were the chief topics of discussion at today's session of the American Institute of Co-operation at Ohio State university. Speakers included Joseph S. Davis, chief economist of the federal farm board, Charles S. Wilson, member of the board, and Oscar Slosser, Postoria, secretary of the Ohio Farmers Grain and Supply association.

Views on what the county expects of farm co-operatives and how the farm board can help them were to be given by the speakers.

COUNTY CIGARET TAX AMOUNTS TO NEARLY \$14 000

Poor Fund Of Columbiana Benefited By Over \$3,000 Smokers

Lisbon, July 10.—Gross collection of cigarette tax in Columbiana county during the current period has totaled \$14,936.13 which has been paid by 235 retail and four wholesale dealers.

The net distribution, after refunds and auditors and treasurers fees have been deducted, amounts to \$13,969.95.

Under the present law, 75 per cent of the net amount collected is returned to the state, while the remaining 25 per cent is credited to the county poor fund and the poor fund of the taxing district from which the tax is received.

The state has been credited with \$10,477.46 and the county poor fund \$1,746.24. The poor fund of the several taxing districts has been credited with \$1,746.25.

Funds Are Credited
County auditors fee fund and the treasurers fee fund have been credited with \$149.36 each.

East Liverpool has more retail and wholesale cigarette dealers than any other taxing district in the county, and these dealers have paid license fees totaling \$5,167.13. Salem is in second place with a return of \$2,274.55 and Wellsville third with a return of \$1,524.36.

Other municipal corporations in the county, outside of townships, have returned fees as follows: East

Palestine \$936.87; Lisbon \$870.99; Leetoma \$349.41; Salmesville \$300; Columbiana \$746.43; New Waterford \$200; Rogers \$188.32; Hanoverton \$182.01.

Returns to those who had a license for a part of a year only amounted to \$667.46.

No arrests were made during the last year of dealers who failed to procure a license.

VITALITY!

"SURE! I can finish that today"

A strong, healthy body and mind always respond to the occasion. Employers appreciate and recognize unflinching freshness—always ready—cheerfully ready to carry on—minus that "tired feeling."

DON'T let a weakened body hold you back. Prolonged, it may result in so-called premature old age. Today's happiness and friends may be gone tomorrow.

Thousands of people have a low blood count—to this may be attributed skin troubles, "run-down" systems and even more serious ailments.

If you tire easily—lack pep—if your skin is not clear—if your appetite is "gone"—you owe it to yourself and friends to try SSS.

When you get your red-blood—cells back up to normal, that sluggish, let-down feeling, lack of appetite, skin troubles disappear. You should get

hungry again and sleep soundly; firm flesh should take the place of that which was once flabby. You should feel strong. Your nerves become steady.

SSS. helps Nature build rich, red blood. It improves the processes by which the body is nourished.

For more than 100 years SSS. has been helping people regain and retain their strength and charm. Thousands of users have testified to its benefits in unsolicited letters of gratitude.

SSS. is made from strictly fresh vegetable drugs and is easily assimilated. All drug stores sell SSS. in two sizes. Ask for the larger size. It is more economical.

Concluding a series of five hundred games, members of the Perpetual Chums had a covered dish supper Wednesday evening at the home of Mrs. Ross Culbertson, South Rose st.

High score honors for the series went to Mrs. Elbert Boughton, Mrs. William McIlvaine and Mrs. James Horton.

In the games at this meeting, Mrs. Boughton and Mrs. Culbertson were awarded honors. Mrs. V. L. Malloy and Mrs. H. D. Rohlfuss were included in the guest list and Mrs. Malloy received the guest prize.

Mrs. Sadie Provins, West Third st., will be hostess at a meeting in two weeks.

HOMEMAKERS CLUB

Mrs. Milton Crawford had the Bible reading at a meeting of the Vernal Grove Homemakers club Wednesday afternoon at the home of Mrs. James Hannay, near the New Garden road.

Select readings added interest. One new member was received. Lunch was served by Mrs. Hannay, assisted by her daughter-in-law, Mrs. Paul Hannay, of Youngstown.

The August meeting will be with Mrs. W. Harris, Salem-Winona road.

POST-NUPTIAL SHOWER

Mr. and Mrs. Charles Freeman, whose marriage was a June event, were complimented with a surprise party Wednesday evening at their home, Liberty st., when a group of their friends from the First Friends church paid them an unexpected visit. A miscellaneous shower was a feature. Refreshments were served. Mrs. Freeman before her marriage was Miss Mary Lewis.

PLAY FIVE HUNDRED

With two tables engaged, five hundred was the chief diversion at a meeting of club associates Wednesday afternoon at the home of Mrs. Robert Litty, East Third st. Honors in the games were shared by Mrs. Scott Warner and Mrs. Charles Myers.

Meeting in two weeks the members will be guests of Mrs. Harry Roup, Arch st.

HELPING HAND CLASS

FLASHES OF LIFE

MINNEAPOLIS—Dress reform for males in her weather has hit Interlachen with reverse English. Some outstanding pros, hitherto beknickered with long socks, are wearing short socks. But their shirts are covered with long pants.

WASHINGTON—Mrs. Hoover is to give a lawn party next Wednesday at the White House for wounded war veterans.

PALM BEACH—All that is left of a railroad that once connected Jupiter, Venus, Mars and Juno has become the property of C. P. Corrigan for \$2.89. At a sale for unpaid taxes he bought the right of way in Juno, now Palm Beach. The road was eight miles long.

ATLANTIC CITY, N. J.—Siamese (?) twins parted! Madeline Infant unthatched herself from Patricia because all the salary was not forthcoming, blackened the manager's eye and tore down some posters ballyhooing herself and Patricia as Daisy and Violet Milton, the original. The manager had Madeline in court to no avail.

SEVILLE, SPAIN—Returned from the grave, so to speak, Senorita Antonia Vargas had enabled 100 men to get out of jail. She worked in an olive factory and was supposed to have been killed last month by the police in a labor demonstration. A general strike followed, there were many arrests. Now she has shown up, insisting that she was away on a vacation. Everybody arrested for rioting has been freed.

SYRACUSE, N. Y.—Virgil Barrigar, 16, is an authority on the sensation of being run over by a locomotive. Trapped at a grade crossing he ran ahead of the engine. It caught him. He was found lying face down under the tender in the center of the rails. He walked to an ambulance a bit bruised.

NEGRO MOTHERS SAIL TO FRANCE

Disappointed In Manner Of Treatment Compared To Other Pilgrims

NEW YORK, July 10.—Sixty Negro gold star mothers will sail on the liner American Merchant Saturday to visit the graves of their sons in France, but a spokesman said today that "many of them will sail unhappily because of interior boat and hotel accommodations and discrimination made in segregating them."

Walter White, acting secretary for the National Association for the advancement of colored people, voicing the dissatisfaction of the Negro mothers, said that 55 of those who expected to sail had cancelled their reservations and sent a protest to President Hoover against their segregation from other groups.

Colonel Alexander E. Williams of the war department, said the American Merchant, although a smaller liner than others used to carry war mothers, offered "first class accommodations." He pointed out that it is a sister ship of the Somme and the Cambrai, used to transport officers and their families to Porto Rico, Panama, and United States possessions.

Efforts to quarter Negro mothers in midtown New York hotels failed. Colonel Williams said, because the managements refused to accept them. Hotels in Harlem were then chosen upon the recommendation of Fred R. Moore, New York Negro editor. Ceremonies aboard ship and at city hall will be conducted for Negro mothers just as for white mothers, the colonel said.

Officials of the White Star line, which operates the American Merchant, said the boat offered "the same cabin accommodations" as

liners carrying other war mothers on the pilgrimage to France.

"Lifts" Cheeks Rounds Face With Cream!

Science never sleeps! Think of it—now the way has been found to strengthen and tighten the weak, stretched face muscles that cause the cheeks to sag—to actually "lift" the drooping jawline and round the contours without that dreaded operation! By combining the ONE and ONLY essence known with the power to penetrate the skin pores and nourish the muscles and other tissues directly beneath, with other essentials necessary to healthy, beautiful skin, Science has now evolved Amla Nourishing Cream.

Simply by patting Amla thoroughly into the skin of the face and neck, most amazing results are obtained. Amla acts instantly to contract and firm the undernourished, flabby muscles, and stimulate the circulation. You can actually feel Amla work! Day by day you'll notice delightfully how the throat is rounding out, the cheeks draw up into youthful contour, wrinkles disappear and skin clears of blackheads, pimples and other blemishes! Apply Amla tonight, and even by tomorrow morning the improvement will astonish you. You must TRY it. Remember, Amla Nourishing Cream is GUARANTEED to bring results! At J. H. Lease Drug Co., Three Stores.

YES, EDNA, I USED RINSO TODAY. YOU WERE RIGHT. I NEVER SAW SUCH A SNOWY WASH!

Have you ever tried these safe, active suds?

IMAGINE! I ran my washing machine only about half the usual time. And you ought to see how white my wash is!

"Rinsosuds are so soapy and lasting, aren't they? In our hard water, too! I'll never need to bother with water softeners again."

Easier tub washing, too
The makers of 38 washers recommend Rinsosuds for safety and for winter washes. Great for tub washing, too. Soaks out dirt—saves scrubbing. How that saves the clothes!

A real economical soap. Cup for cup, Rinsosuds gives twice as much suds as lightweight, puffed-up soaps. The only soap you need—for the wash, for the dishes, for all cleaning. Get the BIG package.

BALDWIN ATTACK ON MAC DONALD UP FOR BALLOT

MacDonald Seems Firmly Entrenched Following Narrow Victory

(By The Associated Press)
LONDON, July 10.—Prime Minister MacDonald, victor by only three votes in a house of commons fight yesterday, was believed today to be more safely entrenched against the next attack upon his regime. This probably will come next week when a motion of censure presented by Stanley Baldwin, conservative leader, is put for vote. The vote is expected to be a split in the Liberals following a consequence of tactics of the leader, David Lloyd George, in so nearly forcing an election and ministerial defeat which he admitted, he did not really wish.

The lengths to which a section of the conservative following went in an effort to bring about the defeat of MacDonald, has excited considerable comment today. Observers termed the strategy "subterfuge" and in some quarters the expression "not crick-et" was heard.

This reference was to the action of 50 or more conservatives in remaining at St. Stephen's club, nearby, until the moment of the division, as if to infer their absence was genuine and to fool the Laborites into a sense of false security, motivated by which some would remain away from the house during the vote.

At the crucial moment the Conservatives turned to the anti-government lobby, along with their fellow Tories of more conservative following, and with David Lloyd George and many of his Liberals. It was an exciting moment and one which had the Laborites badly scared. Four Liberals, realizing how close the government was to defeat, hurried into the ministerial lobby then, and others abstained from voting. The outcome was a 278 to 275 victory for the ministry.

TAX COMMITTEE GIVEN REPORTS

Manufacturers Tell Of Ideas On Future Legislation

(By The Associated Press)
COLUMBUS, July 10.—Making its first preliminary report to Gov. Cooper's tax committee, the manufacturers' sub-committee, headed by Charles B. King of Marion, urges that any taxation program that may be recommended to the legislature take into consideration competitive conditions which Ohio manufacturers have to meet in other states.

The report contains no specific recommendations for a tax program but states that three propositions are being considered. They are retention of the present system, with such changes as are necessary to "relieve those unfavorable conditions which in the main, created the demand for modification of the uniform rule; a system of classification on personal property, both tangible and intangible; a state-wide income tax on individuals as advocated by the agricultural interests.

While not specifically opposing the income tax, the manufacturers' group upon it as "it is believed that an individual income tax would make certain a corporation income tax also. Besides, it would place Ohio in a field of taxation already occupied by the federal government." The sub-committee in this connection calls attention to the campaign waged for adoption of a classification amendment on a classification platform alone.

MARKETS

DECLINES ARE SHOWN

NEW YORK, July 10.—Declines of 5 points an incident with announcement of the suspension of a large brokerage house for infraction of the exchange rules were followed by firming tendencies in the forenoon stock trading today. Renewed buying of railroad shares towards noon resulted in advances of one to two points in New York Central, Union Pacific, Southern Pacific and New Haven and started a general rally in the remainder of the list.

Independent strength was shown by a few specialties, including Gillette, Eastman Kodak, Ingersoll Rand, Studebaker, Briggs and McKeesport Tin Plate.

The market opened irregularly higher, but news of the suspension, disclosed late in the first half hour, was followed by the interval of selling. Trading was again dull.

Offensive Industrial Odors Would Become Sweet, Report

Even Garlic Will Rival Wild Flowers, Claims Professor

(By The Associated Press)
HAMILTON, N. Y., July 10.—Early arrival of a new era of sweet smells was forecast today by Dr. Donald A. Laird, head of the department of psychology of Colgate university.

He foresees many of the widespread, disagreeable odors of industry turned into pleasant aromas through a recently discovered advance in the perfumer's art. By this new method instead of using perfume to cover up bad smells, the evil odor itself is "put to work."

It is given as a companion a minute percentage of some powerful chemical. The new partner, called an industrial aromatic, may be equally evil smelling. But the combination of the two bad odors produces a sweet or a pleasant one. Industry, says Dr. Laird in a survey issued today, is rapidly taking up the new principle to increase sales of articles which once lacked small appeal. He quotes a survey of 56 varieties of common smells made by F. Ammueller, a Milwaukee advertising man, to learn how they ranked among customers. The worst was perspiration, garlic second, rubber third and kerosene fourth.

Both rubber and kerosene, said Dr. Laird, now are coming upon the market in guises that no nose would recognize. He told of sprays whose effectiveness depends mainly upon kerosene, and which he said are widely used in homes which would not tolerate them until kerosene's odor was "put to work" at making

DEATHS

MRS. WALTER MOUNTS

Mrs. Elizabeth Gilson Mounts, 47, wife of Walter Mounts, died at 1:15 p. m. Wednesday at her home, 167 South Union ave. Death followed a lingering illness due to a complication of diseases.

Mrs. Mounts had spent most of her life in Salem and was an active member of the Christian church for years. She was a member of the Women's Relief corps.

She is survived by her husband; one daughter, Wilda; her mother, Mrs. Mary Harrison of Salem; two brothers, John and George Gilson, Salem, and two sisters, Mrs. Louis Hirst, Salem and Mrs. Grace Birch, Los Angeles.

Funeral service at 2:30 p. m. Saturday at the Arbaugh funeral home, 1617 East State st. in charge of Rev. C. F. Evans. Friends may call at the Mounts home any time.

Eden Fruit Not Apple After All

COPENHAGEN, July 10.—Mother Eve never had anything to do with the apple, after all. According to Doctor Ditlev Nielsen, writer in the Danish newspaper, "Politiken," it was an Asiatic fruit, called peri, known today as the pinecone, which started all the rumpus in Eden.

Dr. Nielsen gives as evidence a picture dating back to the days of Babylon, with Adam and his wife under a peri tree with the "love fruit" in hand.

Mother Sentenced

WILMINGTON, July 10.—Mrs. Della Gregory, 32, mother of eight children, must spend from the next one to twenty years in Marysville reformatory for passing fraudulent checks a judge has decreed. She confessed her guilt.

OHIO CITY FACES WATER SHORTAGE

Pumping Station Lost At Wilmington In Fire; Condition Serious

WILMINGTON, July 10.—The Dayton Power & Light company water pump house near here was destroyed by fire today with a loss estimated at \$50,000. Destruction of the pumps, which supply Wilmington with water, caused fear of a serious water shortage here.

The Wilmington fire department pumper was being used today to force water into the city mains. The normal pressure is fifty pounds, but after the fire this fell to 10 pounds. Reserve water supplies, in stand-pipes, will last about 48 hours. Two or three days will be required to replace the pumps.

The pump house was a one story brick and frame structure. It is believed that lightning started the blaze.

GRAVE REPORTED DUG ON HIGHWAY

Mahoning County Deputy Investigates Hole On North Lima Road

YOUNGSTOWN, July 10.—Mahoning county deputy sheriffs today were investigating the mystery surrounding the digging of a hole by four men on the New Springfield-North Lima road.

Notified the sheriff's office before daylight that four men were digging a "grave," located in a field about 50 feet off the roadway. They reported that two men were digging, while the other two apparently were serving as lookouts.

"When we turned our lights on the diggers," the motorists said, "they would cease digging."

Deputy Sheriff John Trampush was detailed to investigate and found that the men had dug a hole about five feet long, three feet wide and about four feet deep.

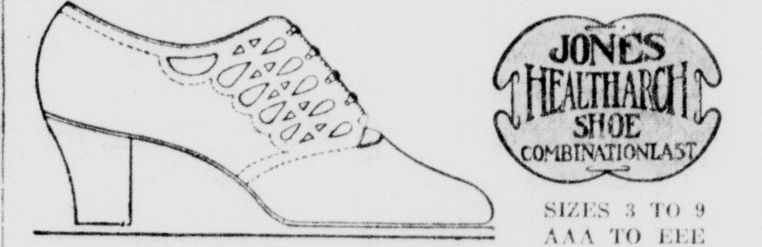

"When I arrived the men had departed," Trampush said. "I am unable to find a motive for the digging, unless the men were attempting to bury some liquor, or maybe a calf or something."

Deputy sheriffs left again early this morning to renew their investigation.

Save 10% by changing to Gas Heat now. As little as \$5 down will do
Pay No More Until October
Then take . . . 24 months on the balance

IF YOU will permit us to install a Surface Combustion Gas Burner in your present coal furnace or boiler during July, you can save money and at the same time obtain the most liberal terms we ever have offered on the purchase of automatic gas heating equipment.

First, you save 10% on the completely installed price bringing the cost of an automatic gas burner down to the price of a good washing machine.

Easy to pay

Next, after your down payment of as little as \$5, you don't have to pay another cent until October . . . then you have 24 months for the balance. And here's the easy part . . . during December, January and February your monthly payment will be reduced to only \$1.

No work for anybody

The Surface Combustion Gas Burner is completely automatic. You light the pilot in the Fall . . . after that the thermostat does all the work . . . your house temperature is kept constant within a degree or two regardless of outside weather conditions.

Because it is automatic, your gas burner is very economical. Only enough gas is used to keep your home healthfully warm. None is wasted. But even here you take no chances, for our heating engineers will examine your heating plant and tell you in advance just about what you can expect your gas bills to be.

It's Guaranteed

Thousands of consumers on our lines and on the lines of our associated companies have used this gas burner for two, three, five years and up, and enthusiastically recommend it for economy and satisfaction.

Further, we guarantee it . . . guarantee it to heat your home to your complete satisfaction. And now since this offer is for July installation, why not telephone the Gas Office today for a free estimate . . . or send the coupon?

"STRICTLY MODERN"

At The Grand

A feminine novelist who laughs cynically at love has the tables turned on her when she becomes a party to a heated romance in "Strictly Modern," Dorothy Mackaill's newest feature picture, which is at the Grand.

Miss Mackaill is the novelist and Sidney Blackmer, New York state favorite, is her leading man.

"Strictly Modern" is said to be a clever and humorous story based on the play "Cousin Kate," by Hubert Henry Davies. It marks the return of Dorothy Mackaill to the popular type of light comedy portrayals in which she used to appear with Jack Muihal.

Sidney Blackmer has appeared opposite Miss Mackaill before in "The Love Racket"—and with Leatrice Joy in "A Most Immoral Lady."

Others in the cast are Julianne Johnston, Warner Richmond, Mickey Bennett and Katherine Clair Ward.

COURT NEWS

Sale Is Confirmed

In the foreclosure action filed by S. Y. Winder against Elmer G. Grubbs, the court has confirmed a sale, ordered a deed and entered a decree of distribution. The plaintiff will receive \$7,801.29 less the court costs of \$46.77, the journal entry shows.

Charged With Bigamy

Mary B. McGonigal of Wellsville has filed her petition for divorce against her husband, Edward McGonigal, whose last known address was Atlanta, Ga., but who is now supposed to be at 843 Magnolia avenue, Orlando, Fla.

The couple were married May 23, 1904, and willful absence for over three years is given as one cause of action. The defendant is also charged with bigamy.

Foreclosure Proceeding

The Minerva Savings & Trust Co. has filed a foreclosure proceeding in common pleas court against George G. Wernet of Bellaire, O., and Eldon R. Ramsey, R. F. D. 2, Kensington.

The petition sets up there is a balance owing the plaintiff of \$1,735.91 on a loan of \$1,773.15 obtained March 10, 1921, and secured by mortgage on 96.10 acres in section 290 Hanover township.

Oil Leases Transferred

Oil and gas leases formerly given by the Seger Fuel Co. at West Point to the Natural Gas Co., of West Virginia on 948 acres in Madison and Wayne townships, and recently acquired by William R. and Benna Shaw of Jackson City, Mo., have been transferred to Charles E. Phillips of Jackson City, Mo.

Of this acreage 264 include the Dowart and Glen McCormick farms in Wayne township, while the remaining acreage includes the Gilmore, Seroggs, Tod, Fife, McCaskey, Burbick and McCormick farms in Madison township.

The interests transferred refer to a one-eighth royalty on all oil obtained from this acreage and a one-third interest in royalties obtained from any other source.

FEDERAL RAIDS BRING RESULTS

68,186 Dry Violators In
Custody After Action;
24,373 Stills

WASHINGTON, July 10.—Prohibition enforcement during the last fiscal year of its operation under the treasury resulted in the arrest of 68,186 persons and seizure of 24,373 stills.

The arrests showed an increase of approximately 2,000 over the 1929 fiscal year and of approximately 7,000 in the number of stills seized. The figures included the number of arrests and seizures for 11 months of the year and estimated arrests and seizures for June.

These statistics were prepared by the old prohibition bureau which operated under Prohibition Commissioner Doran until the department of justice took over prohibition enforcement on July 1 and showed that about 1,320,000 gallons of spirits and 8,000,000 gallons of malt liquor had been seized. In addition agents of the bureau seized 8,778 automobiles.

During the year the majority of stills were captured in the southern states.

Modern Method Lift Them Out

CORNS

Callouses Go Too

The safest and real modern way to remove corns, root and all—out to stay—is soak them every night for 3 or 4 nights in an invigorating, stimulating Radox Footbath.

Then put on modish shoes again, walk and dance with greatest comfort because there's nothing left to ache. No pain, no trouble. Radox liberates oxygen which softens hard outer layer of corn, each night penetrating further and further thru the pores, carrying the salts to actual root of corn, so loosening it that it comes right out. Nothing like healthy, free from corn feet to assure happy days. Get a package of Radox at J. H. Lease Drug Co., Three Stores, Adv.

Cincinnati Team Defeats Chicago Cubs Fourth Straight Game

Reds Knock Champs From Lead; Cleveland Trims St. Louis Again

The Cincinnati Reds are struggling deep in the second division of the National league, but when the Chicago Cubs, champions last season and contenders for this year's title, came along the Reds step out and play some first division baseball.

The Reds knocked the Cubs clear out of first place in the last few days by winning four games in a row and made it a record of seven victories over Chicago in eleven games played.

There seemed to be every reason why Cincinnati should lose the final clash yesterday but they had the champions coming from behind all the way and finally put over a run in the tenth inning to gain a 4 to 3 victory. The Reds were out 11-10, and seven of them fanned against Charley Root's pitching, but still they had enough punch to squeeze over the odd run.

Dodgers Win Twinnill
The defeat dropped the Cubs two full games into second place as Brooklyn took both games of a double header from the Boston

Braves. With Dazzy Vance pitching superlatively but striking out nine while he allowed only three hits, the Braves took the first game 8 to 0. The Braves put up a better battle in the second and it required a home run with the bases full by Del Bissonette to give Brooklyn a 6-4 decision.

The steadily advancing St. Louis Cardinals picked up another game on the New York Giants and now are only a half game back of third place as the result of their 7 to 6 victory over the Pittsburgh Pirates while New York dropped another to Philadelphia by a 5-4 count. The Giants began taking their poultry census before the final score was hatched and the Phillies jumped on Hubbell as he let up a trifle and won out with two runs in the ninth inning. The Cards added a single run to the group scoring as each team tallied in three run bursts, and that odd counter brought the victory.

Senators Lose Finally
The American League celebrated the end of Washington's long winning streak, which came at the hands of the Boston Red Sox in the second game of a double header, but the Senators still gained a half game on Philadelphia and lead by that margin.

Washington continued to use only one pitcher to a game, but Lloyd Brown gave the Red Sox 17 hits in the second contest while Milt Gaston held the Senators to eight. Boston won, 5 to 1. Washington took the first game, 5 to 2, behind Sam Jones's pitching, to make it ten straight.

The Athletics, in second place, had a very bad day against the New York Yankees and went down by a 12 to 6 score. The Philadelphia pitchers were ineffective and the fielding behind them was bad and the result gave New York a dozen runs from ten hits with all the score coming in three innings. The Yankees still remained 5½ games out of second place after their recent slump.

Babe Ruth Suspended
Once more Babe Ruth provided one of the day's biggest pieces of news by drawing down a three-day suspension because of the previous afternoon's dispute with Umpire Brick Owens. The punishment did not turn out to be very severe as an injury was keeping the babe out of action.

The struggle among the five trailers in the American league remained unchanged as the pair with the better standings, Cleveland and Detroit, won their games. The fourth place Indians slammed out a 9 to 3 decision over the St. Louis Browns to win their first series in almost a month. They took three of the four games.

The Detroit Tigers strengthened their hold on the top of the second division with a 6 to 1 triumph over the Chicago White Sox behind the pitching of George Uhle. The Tiger hurler did not allow a hit until the sixth inning and only six altogether.

LEETONIA

Mrs. Lester Redfoot entertained club associates at her home Tuesday afternoon. Two tables of 500 were in play. Mrs. George Wiedmayer won high score and Mrs. L. F. Siegle low. The hostess served lunch. In two weeks Mrs. Bert Rankin will entertain the club.

Miss Josephine Bingham is visiting Mr. and Mrs. E. R. Osborne at Warren this week.

Mrs. Alice Hendricks entertained club associates at her home Monday evening.

Wilson Stapleton
Miss Dorothy Wilson, daughter of Mr. and Mrs. E. R. Wilson, E. Columbia street and George Stapleton, son of Mr. and Mrs. Carl Stapleton, of Lisbon, were united in marriage Saturday at New Cumberland, W. Va. The bride is a graduate of Leetonia High school, class of 1930. They are at the home of the bride's parents for the present.

Rev. and Mrs. C. L. Cope entertained the following over the weekend: Mr. and Mrs. Asher Offensend, Mr. and Mrs. Fred Offensend and daughters and George Wilson, of Masury and Louis Rummell, of Newport, Ky.

D. Wallace Rebekah lodge No. 279 held a covered dish dinner in the I. O. O. F. hall Tuesday evening. The regular meeting followed.

Italian Man-Mountain To Box Exhibition At Idora Friday

Primo Carnera, Italy's behemoth of swat and of late considered a contender for the world's heavyweight boxing championship, appears for the first time in the vicinity of Salem when he displays his pugilistic talents in an exhibition bout at Idora park, Youngstown, Friday night.

Carnera gave an impressive exhibition of his right to a consideration as a titular contender at Massillon Monday night, manhandling three heavyweights in easy style. His most recent exhibition in a regular bout was the decision over George Godfrey, Liverpool, Pa., assassin when the Negro fouled in the fifth round.

The man-mountain will appear in four rounds of boxing

and will probably be called upon to face at least three opponents.

Paul Pirrone, hard-punching Cleveland welterweight, will meet George Russell of Brooklyn in the main bout of the show. Pirrone recently kayoed Freddie Fitzgerald and has clashed with some of the country's leading welters.

Jack Sharkey of Cleveland and Russell Powers, Youngstown youth, are billed for six rounds at 154 pounds while two Youngstowners, Johnny Pauling and Johnny Krueger will clash for four rounds, each weighing in at 158.

Young Weekly of Alliance is billed to oppose Eddie Robinson of Meadville, Pa., in the four-round lidfight.

Youngstown Host To Grays At Idora aPark

YOUNGSTOWN, July 10. — The Homestead Grays, leading colored baseball team of the United States, clashes with Frank Mills' Foster-vik Merchants team at Idora park here, Sunday afternoon.

The Merchants last season won by a decisive margin to the Grays on one occasion but lost two other close decisions. Smokey Joe Williams will be on the mound for the visitors.

Miniature Record Broken By Golfer With Score Of 46

Lynn Ferguson, Perry street came within an ace of par at Idora's End miniature golf course, near Sebring, when he broke the course record with a score of 46 for 18 holes Wednesday night.

The previous record, established by an Alliance golfer, included in the card turned in by Ferguson was one hole-in-one. The score was made in competition with a group of Salem residents, Wilbur Lippert, Jackson A. McFeely, Schuller.

Ferguson qualified for a low-score tournament which will be held Monday, July 21, as a result of his record-breaking performance.

Where Jones Defends Crown as King of Golf

HORTON SMITH BOBBY JONES LEO DIEGEL TOMMY ARMOUR GENE SARZEN

Here is a map showing the layout of the Interlachen course at Minneapolis, where Bobby Jones seeks to add to his golf laurels

in the National Open. Jones, the defending champion, runs into stiff opposition, some of which is shown grouped around

the picture, enough of a mental hazard to cause even Jones himself to flinch.

Classy Golfing Field Ready For Assault On Title Play

(By The Associated Press)
MINNEAPOLIS, July 10.—Bobby Jones!

That was the cry at old Interlachen today as America's golfing stars—and a Britisher, too—faced a blazing sun and a veritable pugilatory of traps and bunkers in their first major offensive for the cherished national open championship. If the emperor of golf has cracked under the mental strain of his invasion of England, he has failed to reveal it during four days of practice on the championship course. The Jones drives haven't been quite up to the Jones standard, but his iron and putting game looked just like they have for the past

eight seasons. It was the same Bobby Jones against virtually the same field he conquered at Winged Foot last year.

Threatening the 142 entries were the "Big Ten" of pro golf—Walter Hagen, Horton Smith, Johnny Farrell, Gene Sarazen, Tommy Armour, MacDonald Smith, Leo Diegel, Al Espinosa, Bill McIlhenn and Denny Shute. A host of dangerous amateurs, including Great Britain's single entry, Cyril Tolley, and the present and former American national amateur champions—Jimmy Johnston and George Von Elm—also were granted outside chances.

From a glance at the championship course and past performances,

it appeared that Jones' chief menaces were Hagen, Farrell, Armour and Horton Smith. They have shown good golf during practice rounds and Hagen, especially, seemed to be back to the sensational game that made him one of the world's greatest. The "Hag" has centered his efforts largely on the outward nine in practice and has turned in two dazzling 32's, four under par.

THE DAY In Sports

PLAN BASEBALL SERIES DUN EDEN TEAM STRONG

THE MOST INTERESTING competition of the Salem regulation baseball season is a series which George W. "Gordy" Dunn, backer of the Dun Eden baseball team, hopes to arrange with Ben Switzer's strong Sunset Park aggregation. Past efforts to arrange at least one game with Switzer's team have failed but Dunn is issuing a challenge for a two or three-game series to the Marlboro manager today.

The Sunset combine surprised with a close victory over the Akron Firestone team last week but lost the second by a 7-0 score. Mosely, former major leaguer, was the losing hurler in the second.

THIS SERIES would be greeted enthusiastically by fans throughout the district for the two park representatives are hailed as the strongest professional teams in this district. Dun Eden has the best team to represent this city since the Mullins Manufacturing corporation team of 1920 while the Sunsets are much stronger than their 1929 team which was rated high.

SEVERAL CHANGES have been made in the Dun Eden squad since the start of the season resulting in added strength. Bill Mundy, old-time first sacker, has been replaced by Ken Grimes, one of the noted Minerva Grimes, Harry Seitz is at second in Bus Price's place while Malcolm Rush replaced Mike Sarrick at shortstop. Hen Sharkey is the only player to start at an infield post and hold onto it. He is at third.

Leity Bratt, who was Mundy's first successor at the initial sack, is now regular left fielder with Shorly Borton and Berry covorting the neighboring outfield territories. Michael "Mike" Schuller has replaced his brother Fred, as business manager.

Out For Others

NEW YORK, July 10.—Earl Carroll, Broadway producer, whose testimony concerning his famous bathtub party landed him in federal prison for perjury, found himself involved with the law again today because of another scene presented on his stage.

A squad of policemen yesterday matched through the stage door of the New Amsterdam theatre, advertised by Carroll as "the portal through which pass the most beautiful girls in America," and arrested nine members of the cast of his "Vanities."

Charge Indecent Performance
Warrants charging them with giving an indecent performance were also issued for Carroll and Louis Lotti, treasurer of the theatre, but they could not be found. At the close of the matinee performance, the policemen, who had arrived on the scene in shiny sedans, served warrants on eight girls and one man, told them to put on their street clothes and "come quietly."

The prisoners included Naomi Ray, comedienne, Faith Bacon, dancer, and Jimmie Savo and six show girls. Savo and the six girls were appearing in a scene entitled, "A Window of Meris," in which the lone man finds himself among a group of wax figures that come to life. Miss Ray and Miss Bacon had dance numbers in both of which the police charged they were very scantily clad. Miss Bacon wearing only two ostrich feather fans.

Charge Champagne Bath
Carroll drew attention four years ago by a party on the stage of his theatre in which police charged a young woman bathed in a tub of champagne.

He was charged with perjury after he denied before a federal grand jury that the bathtub incident occurred.

In 1924 he was arrested on a

charge of displaying indecent pictures in the lobby of his theatre, he was discharged after spending four days in the toils.

Warrants for the arrest of Carroll, Lotti and the nine members of the cast were sworn out by police officers who had attended performances of the show.

Those arrested were released in \$500 bail and were back in their places for the evening performance from which the show window scene was deleted.

Canners To Buy Entire Peach Crop

SAN FRANCISCO, July 10.—California's huge 1930 cling peach crop will be purchased by canners whether it is used or allowed to remain in the trees.

This decision was announced here following a conference of the California Canners' League and growers' representatives.

But 13,000,000 cases of the available 20,000,000 will be canned. However, each canner will deposit with a committee a certain amount for each ton of peaches purchased. From this fund the entire crop will be bought.

A tentative price of \$3 a ton has

been set. Jackson McKinney, secretary of the Canners' league, said that every element of the cling peach industry has promised to cooperate in the crop curtailment plan.

Herewith is the solution to yesterday's puzzle.

LEADERSHIP is the coveted prize in every industry, and the rubber industry is no exception.

So it is only human that our aspiring friends occasionally indulge in the thrill of talking about Leadership, whether they have it or not.

We mention this in all good humor, and merely to explain the somewhat confusing advertising you see now and again, in which one rubber company or another blithely forgets its definitions and shoots the works.

The justification for such a fling is that the use of the term Leadership in most cases is qualified, even if obscurely, by being based on some subordinate phase of the business in which the advertiser claims to excel.

BUT what's all the shootin' for—is Leadership really an important matter?

We think it is, as the most dependable indorsement of a product that the public can find upon which to rely.

When a plurality of the world's motorists, for example, year after year singles out one make of tire as the highest representative of value and merit, that is tremendously important.

It affords the average buyer the finest and safest possible guidance in his purchasing—and for his good and our own we desire to keep that guidance clear.

DISPENSING, then, with equivocal claims, evasions, qualifications and adroit expression, what company actually holds Leadership in the rubber industry?

The public has decisively answered that question in concrete terms of dollars and cents, and has conferred the award upon Goodyear.

Goodyear in turn submits to you the solid facts which support its Leadership.

It does this in no spirit of boastfulness; on the contrary with a privileged sense of the responsibility which its outstanding position entails:

In both volume and value of annual sales, Goodyear is the largest rubber company in the world.

Goodyear consumes 1/6 of all the crude rubber used annually in the world—approximately 50% more than any other manufacturer.

Goodyear builds more than 1/4 of all the tires sold in America, the remainder being divided among some forty manufacturers.

For years Goodyear has factory-equipped between 1/4 and 1/3 of all the new motor cars manufactured.

Goodyear exports approximately 40% of all the tires exported from the United States and Canada for other parts of the world.

Goodyear maintains the largest development laboratories and corps of experimental engineers of any rubber company in the world.

In the last seven years Goodyear's annual production

of pneumatic tires has increased 172%, as against an increase of approximately 75% for the industry as a whole.

WITH special reference to tires, Goodyear holds Leadership because:

Goodyear has made more tires for motor vehicles than any other manufacturer—by millions.

Goodyear is making, today, more tires than any other manufacturer in the world—by millions.

Goodyear's tire business has increased faster in the last five years than any other manufacturer's—by millions.

More people ride on Goodyear Tires than on any other kind—by millions.

THERE'S the story, good people, figure it out for yourselves.

Certainly it means that in Goodyear Tires the average user finds a quality and a value which he cannot equal elsewhere.

Certainly it means that when you buy a Goodyear Tire you buy something good enough, *outstandingly good enough*, to have won a special and unrivalled place in the confidence of the public.

And when any other rubber company confuses you with talk about Leadership, just treat yourself to a knowing grin and say: "Sure! We know — You're Napoleon!"

TO ALL WHO SUFFER STOMACH AGONY, GAS AND INDIGESTION

Money Back If One Bottle of Dare's Mentha-Pepsin Doesn't Do You More Good Than Anything You Ever Used

You can be so distressed with gas and fullness and bloating that you think your heart is going to stop beating.

Your stomach may be so distended that your breathing is short and gaspy.

You think perhaps you are suffocating.

You are dizzy and pray for quick relief—what's to be done?

Just one dessert spoonful of Dare's Mentha Pepsin and in ten minutes the gas disappears, the pressing on the heart ceases and you can breathe deep and naturally.

Oh! What blessed relief; but why not get rid of such attacks all

together? Why have chronic indigestion at all?

With this wonderful medicine you can banish indigestion or dyspepsia, or any upset condition that keeps the stomach in constant rebellion and one bottle will prove it.

And how happy you will be when your stomach is as good as new for then dizziness, nervousness, sleeplessness, headache, dull eyes and other ailments caused by a disordered stomach will disappear and you will be your old happy, contented self again.

J. H. Lease Drug Co., Three Stores, and every regular pharmacist guarantees one bottle of Dare's Mentha Pepsin to show the way to stomach comfort.

free wheeling is here!

STUDEBAKER, Builder of Champions, presents improved, enlarged, more powerful editions of *seasoned Eights*—the world champion President, the world famous Commander—plus free wheeling.

Free wheeling is a triumph of that same Studebaker progressiveness that pioneered the popular priced Eight—tested it, seasoned it and proved it to the satisfaction of over 100,000 owners. Today the whole industry is following the Eight trend that Studebaker inaugurated three years ago.

A New Experience

Prepare to drive the most unfettered, yet most obedient car in the world—a car that literally floats along, in gear and fully controlled, yet free and silent as though there were no gears! You shift with silence and safety from high to second, back and forth, at any speed—forty, fifty miles an hour—and *never touch the clutch!*

The instant you lift your foot from the throttle, no matter how swiftly you may be traveling, your engine drops to idling speed—with no forcing of the engine by car momentum—with no sensation of "piling up".

You know, of course, that Studebaker Eights hold many world records for speed and endurance and more American stock car records than all other makes combined. But the *increased* power of the great Studebaker Eight engines which drive these new cars is a

revelation. You marvel at the extra smoothness made possible by a 9-bearing crankshaft.

Save Money, Too

With free wheeling, you save 12% on gasoline, 20% on oil—and the heavier the traffic the greater the saving. Carbon is reduced. The terrific reversional strains thrown on rear axle, universal joints, clutch and transmission of an ordinary car are utterly unknown.

You are ready for any emergency of road or traffic on the instant. No sudden grabbing of new Duo Servo brakes—no swerving. Instead, a smooth and reassuring drop in speed—swift as your need dictates.

Your steering gear rights itself after a turn—automatically the car swings to "straight ahead". Your car, floating at each spring end on oil-sealed ball bearings, rides friction-free.

Enviably in Appearance

All the new delights of free wheeling are yours as the crowning achievement of Studebaker's 78 years of manufacturing integrity. They are yours in new bodies designed to interpret the very spirit of free wheeling—with new Ovaloid headlamps—with new parking lights glimmering on broad, sweeping fenders—with closed cars wired for quick radio installation.

Visit the nearest Studebaker salesroom. Drive one of the New Series Studebaker President or Commander Eights. Get a first hand experience with free wheeling. We promise you the thrill of your life!

Shift from high to second at *Forty... Fifty* miles per hour and never touch the clutch!

Saves 12% on gas, 20% on oil—even more in heavy traffic... Reduces carbon, lessens strain on engine and transmission

You don't have to touch the clutch except to start or back up

Your car momentum never forces your engine—no sensation of "piling up" when you decelerate... You literally glide along

Your car is surprisingly quiet in every speed... uncannily silent when you're free wheeling

You are safer because you have absolute control of your car... You can shift at any speed... There is less hazard of skidding!

THE HOME KITCHEN

By Jeannette Young Norton

When the Oven Must Be Used
Occasionally chilly days in summer provide the right reason for baking. And though the temperature may discourage one ordinarily, still the taste for good home-baked foods does persist even in warm weather. Baked vegetables, fruits, a custard or even home-made cake are as delectable in midsummer as in colder weather—except in the

opinion of the cook!
However, if the temperature does fall sufficiently to justify the job, then a number of foods can be baked at one fell swoop, and disposal of cooking for a few days. A roast, a meat loaf, a large custard, not to mention cake and pie, will save time on subsequent days, as well as provide a variety from the regulation quick summer cooking. When the oven must be used—that is the time to do several days' cooking at once.

A great help in thus economizing on work is the use of baking dishes good looking enough to be used for serving such as glass, pottery or the new glazed pottery that comes from abroad.
Almost all of the summer vegetables develop a delightful flavor. Squash, cut in triangles and baked is as flavorful as sweet potatoes. Tomatoes, egg plant, fresh lima beans, dotted with bits of butter, can be baked in 20 or 30 minutes, and lose less of their flavor than if plain boiled.

The fibrous vegetables—like cauliflower, cabbage, turnips, celery, are excellent if scalloped. Butter a baking dish, place in it the vegetables, either whole or sliced, moisten with melted butter, and little water, seasoning and bread-crumbs, and bake until tender. About 20 minutes to half an hour may be adequate for most vegetables.

Was 118 Pounds—Weight Fell To 110—Now Read What Konjola Did For Her

MRS. RUAL MILLER KIDD

Tens of thousands of men and women and of all ages have endorsed Konjola, the new and different medicine for the stomach, liver, kidneys and bowels, and for rheumatism, neuritis and nervousness. Read what one of them, Mrs. Rual Miller Kidd, 637 Sedam street, Cincinnati, says of Konjola.

"I was 118 pounds and for three years unable to walk properly. I had acid stomach, and could not keep water down. Spots danced before my eyes, and I was dizzy, nervous and constipated. Kidneys bothered me, too, and I had to get up five or six times at night. Ankles and knees were swollen to twice normal size, and my weight fell to 110 pounds. But Konjola came as a blessing to me. Today I weigh 150; have a fine appetite and my kidneys are strong."

Would you not like to know all about the medicine that does such things? Your druggist will be glad to tell you about this remarkable Konjola.

Konjola is sold in Salem, Ohio, at The J. H. Lease Drug Co. Three Stores, and by all the best druggists in all towns throughout this entire section.—Adv.

City State

ORDINANCE NO. 300701-A.
To provide for the issue of notes in anticipation of the levy of special assessments and in anticipation of the collection of special assessments for the improvement of the streets therein named by the construction of sanitary sewers therein, and to pay the city's portion of the cost and expense of said improvements.

Whereas, the Council of the City of Salem, Ohio, has heretofore by proper legislation, declared the necessity of improving certain streets hereinafter named by the construction of sanitary sewers therein, and whereas, this Council contemplates the use of \$415,717 for the purpose of paying the portion of the cost of said improvements which are to be paid by assessments, and the use of \$161,229 for the purpose of paying the city's portion of said improvements, which includes the amount of \$27,500 to care for interest, maturing previous to the receipt of assessments from which said interest is ultimately to be paid, either upon the bonds or notes hereinafter provided for making an aggregate amount of \$428,000.

Now THEREFORE It is ordained by the Council of the City of Salem, Ohio, that it is hereby declared necessary to issue the bonds of the City of Salem in the principal sum of \$428,000 for the purpose of raising money, and in anticipation of the collection of special assessments for the improvement of North Jennings Avenue from West Tenth Street to a point three hundred and ninety-six (396) feet North of West Tenth Street; South Lundy Avenue from East Franklin Street to East Avenue Street; and South Madison Avenue from East Evans Street to East Oak Street and to provide a fund for the purpose of paying the city's portion of the cost and expense of said improvements.

Section 2. That said bonds shall be of the denomination of one thousand dollars (\$1,000.00), each except Bond No. One, which shall be in the amount of Two Hundred Eighty Dollars (\$280.00) and shall be dated August 1st, 1931, shall bear interest at the rate of six per cent (6%) per annum payable semi-annually on the first days of April and October of each year until the principal sum is paid, and shall mature in their consecutive serial order as follows:

\$200,000 on October 1st, 1932, and \$100,000 on October 1st in each of the years from 1933 to 1939, both inclusive, which maturities are hereby determined to be in substantially equal annual installments.

Section 3. That for the purpose of raising money in anticipation of the levy of special assessments and in anticipation of the collection of special assessments for the improvement of the above-named streets by the construction of sanitary sewers therein, in accordance with the legislation heretofore passed by the City Council, and in order that the City of Salem may be able to make and execute a contract for said improvements with the lowest and best bidder, it is hereby declared necessary to issue and there shall be levied notes of said city in the amount of \$428,000, which shall be placed to the credit of the paying funds in the respective amounts set opposite the same:

North Jennings Avenue from West Tenth Street to a point 396 feet North of West Tenth Street, \$78,000.
South Lundy Avenue from East Franklin Street to East Avenue Street, \$75,000.
South Madison Avenue from East Evans Street to East Oak Street, \$225,000.

It is further provided, that the appropriation heretofore made for paying the roadway or otherwise improving the streets, above listed, shall be applied to the payment of said bonds at the rate of six per cent (6%) per annum for the period prior to the collection of the first installment of interest, and shall be included in said respective amounts, and the amount necessary to pay said interest is hereby appropriated for the payment thereof and for no other purpose, and the respective amounts above set forth shall be reduced by the amount of interest for the payment of said interest.

Section 4. That such anticipatory notes in the amount aforesaid shall be levied on the property assessed at the rate of six per cent (6%) per annum, payable at maturity. Such notes shall be dated the 1st day of August, 1930, and shall mature on the 1st day of August, 1931. Such notes shall be executed and delivered in such number and such amounts as may be requested by the purchaser of such notes.

Section 5. Such notes shall be executed by the City Auditor and bear the seal of the corporation. They shall be payable at the office of the City Treasurer, in the City of Salem, Ohio, and shall express upon their face the purpose for which they are issued and that they are issued pursuant to this ordinance.

Section 6. All assessments collected for the improvements aforesaid and undistributed balances remaining in the funds after the costs and expenses of said improvements have been paid, shall be applied to the payment of said notes and the interest thereon until both are fully provided for.

Section 7. Said notes shall be first offered to the Sinking Fund Trusts of the City and so many of the same as shall not be taken by said trusts shall be sold at public sale by the City Auditor, but not less than par and accrued interest, and the proceeds from such sale, except any premium and accrued interest thereon, and the amount thereof necessary for the payment of interest prior to their maturity shall be transferred to the Sinking Fund and be applied in the payment of principal and interest of said notes in the manner provided by law.

Section 8. Said notes shall be the full general obligations of the city and the full faith, credit and revenue of said city are hereby pledged to the payment of the same. The par value and any premium or discount on the sale of the bonds anticipated by said notes, and any excess funds resulting from the issuance of said notes shall be the property of the city and shall be used only for the payment of said notes and the interest thereon and is hereby pledged for such purpose.

Section 9. In the event that such assessments are not levied or bonds are not issued to provide a fund for the payment of said notes at maturity, a general tax shall be levied against all of the property in said city for the payment of such notes and the interest thereon.

Section 10. The City Auditor is hereby directed to forward a certified copy of this ordinance to the County Auditor.

Section 11. That this ordinance shall take effect and be in force from and after the earliest period provided by law.

ORDINANCE NO. 300701.

Determining to proceed with the improvement of South Madison Avenue from East Evans Street to East Oak Street, by the construction of a sanitary sewer therein.

Be it ordained by the Council of the City of Salem, State of Ohio, three-fourths of all members elected thereto concurring:

Section 1. That it is hereby determined to proceed with the improvement of South Madison Avenue from East Evans Street to East Oak Street by the construction of a sanitary sewer therein in accordance with Resolution No. 300520, passed on the 10th day of May, 1929, and in accordance with the plans, specifications, estimates and profiles heretofore approved and now on file in the office of the director of public service.

Section 2. That all claims for damages resulting therefrom shall be judicially inquired into before commencing the proposed improvement, and the solicitor be and he is hereby authorized and directed to institute proceedings in a court of competent jurisdiction to inquire into such claims.

Section 3. That the whole cost of said improvement less one-fifth thereof and the cost of intersections shall be assessed by the foot front upon the following described lots and lands bounding and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specifically benefited by said improvement shall include the expense of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required and the serving of said notices, and the cost of construction, together with interest on notes and bonds issued in anticipation of the collection of deferred assessments, and all other necessary expenditures.

Section 4. That the assessments so to be levied shall be paid in five annual installments, with interest on deferred payments, at the same rate as shall be borne by the bonds to be issued in anticipation of the collection thereof, provided that the owner of any property assessed, may, at his option, pay such assessment in cash within thirty days after the passage of the assessing ordinance.

Section 5. That bonds of the City of Salem, Ohio, shall be issued in anticipation of the collection of assessments by installments and in an amount equal thereto, and notes of said city shall be issued in anticipation of the levying of such assessments, and the costs and expenses of any such award, shall be paid by the issuance of bonds in the manner provided by law.

Section 6. That the director of public service be and he is hereby authorized and directed to make and execute a contract for said improvement with the lowest and best bidder, after advertisement, according to law.

Section 8. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed July 1st, 1930.
GEO. F. KOONTZ, President of Council.

BOND SALE
Sealed proposals will be received at the office of the Auditor of the City of Salem, Ohio, until 12 o'clock noon, Thursday, July 24th, 1930, for the purchase of bonds of the City of Salem in the aggregate sum of \$63,000.00, dated as of the 15th day of July, 1930. Said bonds will be sixty-four (64) in number and numbered from one to sixty-four, both inclusive. Each of said bonds will be of the denomination of \$1,000.00, except Bond No. one, which shall be of the denomination of \$450.00 and will draw interest at the rate of five per cent (5%) per annum, payable semi-annually on the 1st days of April and October of each year upon the presentation and surrender of the interest coupons to be attached to said bonds. Said bonds will be due and payable as follows:

Seven (7) bonds in their numerical order from 1 to 7, 1931, aggregating in amount, \$45,000.00; six (6) bonds in their numerical order on October 1st, in each of the years from 1932 to 1937, both inclusive, with the exception of the years of 1934, 1937 and 1940, when seven (7) bonds shall mature, aggregating in amount \$60,000.00, except those maturing in 1934, 1937 and 1940, which will aggregate \$40,000.00. All such bonds, which maturities are hereby determined to be in substantially equal annual installments.

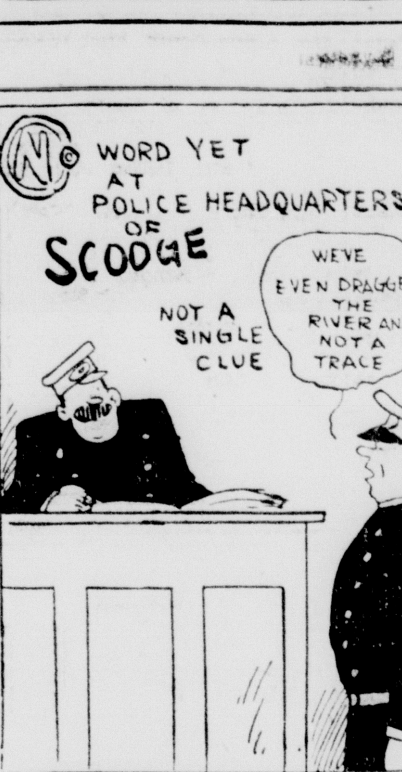

This will also be received in open competitive bidding at public auction for said bonds at the office of the Auditor of the City of Salem, Ohio, starting at 12 o'clock noon, Thursday, July 24th, 1930.

Said bonds are money in anticipation of the collection of special assessments for the improvement of West Tenth Street from Madison Avenue to Howard Street by paving the same; for the improvement of Highland Avenue from McKinley Avenue to a point 104 feet North of the North line of East High Street by resurfacing the same; and for the improvement of Euclid Street from Lincoln Avenue to Broadway, Penn Street and Lundy Street from Perry Street to Euclid Street by paving the same, under authority of the laws of Ohio and of the uniform laws of Ohio and in accordance with a certain ordinance of said city, passed on the 20th day of May, 1930.

Said bonds will be sold to the highest and best bidder, whether sealed proposal or at auction, for not less than par and accrued interest. Anyone desiring to do so, may present sealed proposal or at auction, based upon their bearing a specified rate of interest than specified in this advertisement, provided, however, that where a fractional interest is bid such fraction shall be one-quarter of one percent or multiples thereof.

For this issue has been approved by Messrs. Squire, Sanders & Dempsey, Counselors at Law, Cleveland, Ohio, an unqualified approving opinion will be furnished to the successful bidder, if desired, without charge. Otherwise, all bids must state the number of bonds bid for and the gross amount of bid and accrued interest to date of delivery. All bids to be accompanied with a certified check, payable to the Treasurer of the City for five per cent of the amount of bond bid for, upon condition that if the bid is accepted, the bidder will receive and pay for such bonds as may be issued as above set forth, within ten days from the time of the award said check to be retained by the City as liquidated damages if said condition is not fulfilled. The City of Salem reserves the right to reject any and all bids. Bids should be sealed and endorsed, "Street Improvement Bonds No. Two."

HELEN R. WORTHER, City Auditor.
